November, 2019.

Dear Parents and Students,

As the season of Advent will soon be upon us, our St. Clement Catholic School community invites all families to participate in our annual **"Angel Tree"** program.

The toys contributed from St. Clement Catholic School were fundamental to the overall success of the project. This year, the **Angel Tree** drive will commence on Monday, November 25th. The **Angel Tree** campaign will end on Friday, December 13^h. At that time, the donations will be dropped off at Mary's Place (emergency shelter for women and their children).

Once again this year, angels will be on our school's Christmas tree in the library. On the reverse side of each angel, a child's gender and age will be indicated. Students that have handed in the parental permission form (below) can take an angel home and return it to the school with an **unwrapped** gift that is appropriate for that age and gender. Your donation will be very much appreciated.

If any item requires batteries, we ask you please include them with the gift. We also request no computer electronics as we do not know what the family has in regards to computers and games.

If your child has permission to select an angel, please print/ sign the tear-off permission form below and your child return to their teacher or write a note to your child's teacher. When the gift is brought in to school please return the angel with your **unwrapped** gift so that the angels can be re-used next year. We hope your family is able to participate in this wonderful and worthwhile cause.

Sincerely,

The Staff of St. Clement Catholic School

-----✂✂-----

_____ has my permission to select an angel from the 2019 "Angel Tree."
